

Every second to be
Valuable, Inspiring, Personalised

4th February 2022

Our ref: SP/141/KB

Dear Parent/Carer

Re: Outcome of Consultation for change of site

With reference to my previous letter, dated 11th January 2022, in which I stated we wished to consult you regarding a relocation of your child to Ambergate Sports College from 21st February 2022, due to planned building work at Sandon School.

The consultation period closed on Friday 28th January 2022 and no concerns were raised with myself or Kate White, Head of School - Sandon. Therefore, I would like to confirm that from 21st February 2022 your child will be based at Ambergate Sports College.

Transport arrangements will remain the same until end of school year. Your child will travel on current transport to Sandon School and then Transport Connect will provide a shuttle bus to Ambergate in the morning and then afternoon. We are organising a bus practice run with Transport Connect on Wednesday 9th February followed by a walk around the school and visit to classrooms.

We would like to offer you a visit to Ambergate Sports College on Thursday 10th February. If this is not a convenient date for you, please contact the school on 01476 564957 to discussion other options.

Yours sincerely

S Plamenova

Stela Plamenova

Executive Headteacher - GANF
