Dear Parents/Carers

Re: Close Contact Case

I am writing to inform you that a member of your child's class has tested positive for Covid.

Should your child have symptoms or test positive, guidance is clear that:

"Children and young people with COVID-19 should not attend their education setting while they are infectious. They should take an LFD test from 5 days after their symptoms started (or the day their test was taken if they did not have symptoms) followed by another one the next day. If both these tests results are negative, they should return to their educational setting if they normally attend one, as long as they feel well enough to do so and do not have a temperature. They should follow the guidance for their educational setting."

Please keep your child at home if they have symptoms or test positive for COVID and contact school as soon as possible to discuss their return.

The main symptoms of COVID-19 are a recent onset of any of the following:

- a new continuous cough
- a high temperature
- a loss of, or change in, your normal sense of taste or smell (anosmia)

If you have any of these symptoms you [should order a PCR test](#). You are advised to stay at home and avoid contact with other people while you are waiting for the test result.

Other symptoms linked with COVID-19 include shortness of breath, fatigue, loss of appetite, muscle aches, sore throat, headache, stuffy or runny nose, diarrhoea, nausea and vomiting. Any of these symptoms may also have another cause.

If someone in the household has COVID please discuss this with school immediately as we have pupils with complex health needs that we need to ensure are kept safe.

As always thank you for all your support and understanding!

Yours sincerely

S Plamenova
