Dear Parent/Carer

Re: GCSE Revision

An online 'SharePoint' has been developed for pupils to support their exam revision and home learning. All subject teachers will use this site as a repository, where pupils can download the resources they need to assist with revision. These will include exam questions, PowerPoints and unit tests. Logging on to the SharePoint also gives pupils access to these subject resources from home. This can be particularly useful if specific information is not available on the pupils' home computer, as learning is not hindered by not having the right software; a reliable broadband connection is required to allow this to work.

To access the GCSE Revision SharePoint, please follow the instructions below:

Directly follow this link and enter the pupil's school email information (in the format shared below) and password as a log in: <https://citacademiesuk.sharepoint.com/sites/AmbergateGCSERevision>

Example email address for Joe Bloggs: jbloggs@ganf-cit.co.uk

Example password for Joe Bloggs born in 2006: jb2006

If your child experiences problems either logging into the SharePoint, or using the academy's software from home, please ensure they print screen any error messages and print a copy off to show to their teacher who will pass it on to our IT Department. For families who don't have computer access or would like further resources provided, please contact the class team for printed resources to be sent home. During the academic year, we do hope that we will have the opportunity to lead some lunchtime clubs to support the revision process and will allow for any questions to be answered.

If you have any queries, please do not hesitate to contact me of the teaching team.

Yours sincerely

Alison Redfern

SENCo – Assistant Headteacher
